

VISIONARY BATHS & MORE

Elder-Safe Bathroom Checklist

Entryway

- Is there a bathroom on the first floor?
- Do stairways have handrails on each side?
- Are steps well-defined and well-lit?
- Do you need a chair lift?
- Are hallways kept free of clutter?
- Are doorways wide enough?
- Do doorways have high thresholds or saddles?

Floor

- Do you have bath mats in place?
- Do those mats have rubberized, non-slip backs?
- Are carpets low-pile?
- Are bathroom spills and puddles cleaned up quickly?

Shower & Bathtub

- Do you have grab bars in place (at least 2)?
- Are walls braced for grab bars?
- Do you need a roll-in bathtub?
- Do you need a shower chair?
- Do you have an adjustable shower head?

Toilet

- Do you have grab bars in place (at least 2)?
- Is your toilet "chair-height"?
- Is the toilet paper holder easy to reach?

Sink

- Is your sink the right height?
- Do you have lever or foot-operated faucets?

Visibility

- Is the bathroom well-lit?
- Are light switches easily accessible?
- Is the mirror easily visible?
